How to get the *.crt file

1. Open your web pages (In this case we will use our 123 demo test shop. And we are suggested to use Firefox browser)

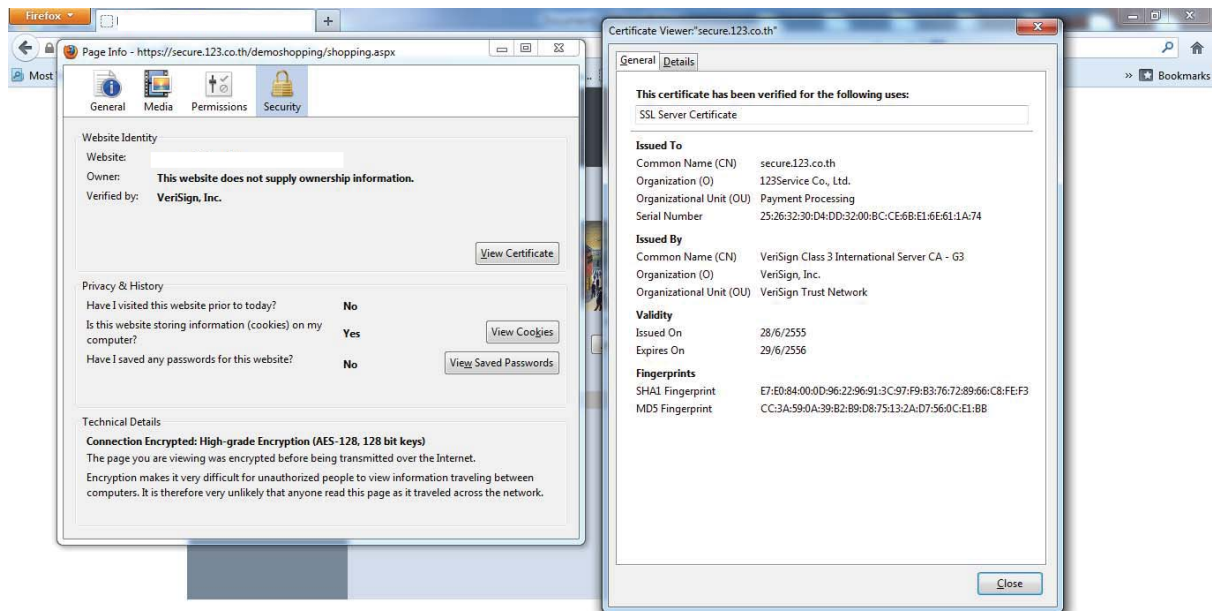

2. Click on the padlock symbol in front of the URL box.
3. Then, Click the "More Information" button.

4. Next, go to "Security" Tab. And click on "View Certificate" button.

5. It will have a new page pop up.

6. Click on "Details" Tab. Then, click to choose "Certificate" in the Certificate Fields. And click "Export". It will ask you where to save the file *.crt, Then save it and send that file to us (File should be .crt)
